BIG NEGRO INTERNATIONAL CONVENTION DRAWING NEAR

Fellow Men of the Negro Race, Greeting:

We are now drawing to the period of hustle and excitement. Hustle, in that each and every one of us must now redouble our efforts in helping to make the work undertaken by the Universal Negro Improvement Association a success. Excitement, because in another few days our Fourth International Convention of the Negro Peoples of the World will be declared open in New York, at which our delegates and members will assemble themselves to discuss the vital problems of our race. The eyes of the whole world will be turned on the activities of the Association in New York, and we want it so that nothing will be said and done to reflect against the good name and work of our great organization.

Every One Should Help!

We are hoping that everybody will help in supporting the Black Cross Navigation and Trading Company, so that we may have a ship in September to carry our colonists to Africa. The appeal is made to each and every one who is interested in our work to help in this direction. For us to have a ship ready, we must have more money. Two weeks ago we appealed for \$125,000 more. The greater portion of this money has not yet been subscribed. This is our final appeal in that direction, and we hope that at the very last moment, at least, those who have held back will come to the assistance of the Association to enable us to carry out the plans we have in view.

Success Depends on Ourselves

We must all understand that our success as an organization and as a race depends upon the co-operation of each and every one in doing that which must be done. Our enemies are not going to help us. Those who want to keep the race in servitude will not help us. We must help ourselves. There are many who profess friendship for us who do not mean it, and who do not

ing to assist us in a practical way to do real good. ~~If we are to build ourselves up to a state of independence nationally, industrially and culturally, we have to rally to our own support.~~ Those who call themselves friends of the race, in the race and outside, will give five dollars to build a church or a school room or a school house, but they will not give ten dollars or twenty dollars, or even five dollars, to assist in building a government, because they know the relative value of a government or a nation to a people. They do not want to see the Negro nationally independent, and, therefore, while they help and give in a direction that will not mean anything, they will not give to help make the race independent. The preacher may receive help to build a church, but those who desire to build a race and nation have a hard time in getting assistance. Instead of helping us, they will put every obstruction in our way, so that the venture will not succeed.

An Appeal

If we get anywhere, we must do it ourselves, and that is why we are making the appeal today and asking that every loyal member of the race help us in the cause of colonization. You can help us by loaning to the Black Cross Navigation and Trading Company the necessary money to purchase a ship. The ship is for trade and commerce, and we hope to bring ourselves into contact with the different units of our race all over the world, thus linking them up in one industrial and commercial intercourse. By trade

we can help ourselves to become industrially and economically independent. This no one is going to do for us.

Working for Ourselves

Again, I say, we must do for ourselves. Loan the Black Cross Navigation and Trading Company \$1,000, \$500, \$300, \$200 or \$100 for five years at an interest of 5%, and thus make it possible for us to have ships to carry on trade relationship that is necessary to help to a higher development of the race.

Big Convention Program

All those who are interested in our program are expected to make immediate arrangements for coming to New York for the opening of our convention on the first of August. The first of August will be our biggest day. The demonstration that we are to have will be unique in that it will be unlike anything ever seen before. Each member and friend should make an effort to witness this demonstration.

Feeling sure that everybody is going to do his and her best in making an effort to success, with very best wishes, I have the honor to be

Your obedient servant,

MARCUS GARVEY,

President-General,

Universal Negro Improvement Association.
New York, July 15, 1924.

P. S.—Divisions, chapters and branches of the Universal Negro Improvement Association are again reminded that it is only by their becoming financial that their delegates will have a voting right in the convention. See to it that your division is financial to insure for your delegate the right of a vote in matters affecting the organization. No delegate of the Association will be admitted to the convention who has not paid up his annual tax in his division.

"JIM CROW" REGULATIONS ON WEST INDIAN LINERS

MEMBERS of the Universal Negro Improvement Association and readers of The Negro World will feel outraged and scandalized in their good name and reputation upon reading the article by Mr. S. A. Haynes, in this issue of The Negro World, headed, "Ocean Jim Crow for Lady Davis and Mr. Haynes. Bound for Panama." They will be aggrieved to learn that these two people, representing the Universal Negro Improvement Association, and visiting the tropics on the business of the association, although having tickets calling for first-class accommodations, were forced to accept third-class accommodations as to their staterooms and eating arrangements. This happened on the steamship Panama, bound for the Canal Zone. They were not the only ones so discriminated against; all the Negro passengers appear to have been segregated.

As described by Mr. Haynes, the accommodations and service given him, Lady Davis, and the other Negro passengers, were not only inferior but humiliating, and being a flagrant violation of the contract rights of every ticket holder, entitle all to suit for damages against the managers of the steamship Panama in New York. A condition such as that should not be allowed to go unchallenged. If it does, the many Negroes who have to use the West Indian steamship service may expect things to grow much worse than those described by Mr. Haynes.

Some day, perhaps sooner than most people expect, the Universal Negro Improvement Association may yet have a steamship line plying between the United States and West Indian ports which will tolerate no discrimination on account of race or color in its accommodations and service. The need of such a steamship line, controlled by the race, grows more obvious every day. None should be so blind as not to see it and help in making it possible.

EAGERNESS TO BE EDUCATED SHOWN BY THE NEGRO EVERYWHERE

WHEN the American Negroes were emancipated, some half century ago, there were plenty of people who did not believe that the Negro was capable of mastering even the rudiments of education; but, as he rushed into the schools opened for him under the administration of the Freedmen's Bureau and the philanthropic people of the Northern States, who furnished not only money in abundance but plenty of educated teachers, the most extensive and successful missionary work ever undertaken and carried to a glorious success, and when these new children out of the house of bondage grasped the rudimentary education just as other children do who have the opportunity, the claim was set up that the Negro could not master the higher education. The Negro then went out of the graded schools into colleges of his own and those of the whites open to him, and soon demonstrated that he could master the higher education in the same way and to the same extent as white persons.

But the Negro in the United States had to prove that he could master the rudimentary and higher education, just as others, and he now has graduates of all of the best colleges in this country and Europe to show for it; graduates who are actively engaged in the work they were prepared to do, just as others are doing it. There is now no question in the mind of the most skeptical of the Negro's ability to master and use any such education as the white man masters and uses it in the United States and Europe.

What we had to prove in this respect in the United States we had to prove in the West Indies, and we did it in those Islands as we did it in the United States, with neatness and dispatch, and in both divisions of the earth we are still doing it and shall keep on doing it. It would seem that we had produced enough evidence of ability in this matter to leave no room for doubt, but it is hard to convince those who do not want to be convinced. Now they are demanding that we prove we are capable of mastering the rudimentary and higher education in Africa itself; this in the teeth of the fact that many native Africans have mastered the higher education in British and European universities, while thousands have picked up the rudiments of education in the home land.

Native African scholars such as the late Alexander Crummell, D. D., and Bishop Crowther, and West Indians such as Dr. Edward Wilmot Blyden, Robert Browne Elliott, D. Augustus Straker, Sir Conrad Reeves, and Bishop James Theodore Holly of Haiti, and others, not to speak of the living who are doing glorious work, who study in the United States, in the West Indies and in Africa, show conclusively that the Negro, the pure type of Negro, who conquers the higher reaches of education, and will continue to do so, with

DISCOURAGEMENT DOES NOT LEAD ANYWHERE. NO.

By T. Thomas Fortune

Trials and tribulations, conflicts within ourselves and outside ourselves, difficulties and disappointments, are the common lot of mankind. We cannot evade them, however we plan and strive. They are the cross-purposes in life, the agencies and agencies, the frictions which are supposed to produce results out of which the survival of the fittest come in the successful people who are a small minority of all of the people everywhere. Nothing succumbs like success, we are told. Everybody acclaims the successful person and does not always inquire too closely into the ways through which he obtained success.

One thing is very certain in the life of every one; discouragement does not lead anywhere. Those who allow themselves to indulge in it, who are not strong enough to master it, are devoured by it and fall by the wayside. It is with the race as it is with the individual. Obstacles are placed in the way to be overcome and to overcome us. The measure of every one's strength is shown in the way he combats obstacles. Of course, the weak fall down, but they should not do so until they have used every stratagem, every subtlety, every resource they can command; and they cannot ascertain how much they possess if they get discouraged easily and distrust themselves, or expect others to do for them what they should do for themselves.

When we consider the trials and tribulations the men of the race who have succeeded were confronted with we should be hopeful. The new heart of hope to fight all the harder for success. In the United States we have had such brilliant and outstanding examples of such men as Bishop Richard Allen, Bishop Bishop Varick, Bishop Daniel Alexander Payne, Mr. Frederick Douglass, Dr. Booker T. Washington, Bishop John W. Hood, Paul Laurence Dunbar, and many others. These men lived in or came out of the conditions of slavery. They had all of the disadvantages that hedge persons about in such conditions. They grappled with the difficulties with which they had to deal, and they succeeded to the extent of succeeding in the highest degree in the special things in which they were concerned.

Bishop Allen and Bishop Varick founded great churches in which they could worship with their own churches, and Bishop Varick and Bishop Hood built wisely upon the foundations made by the other two. They were not discouraged by the difficulties which they had to face. They were not discouraged by the fact that the world was against them. They were not discouraged by the fact that the world was against them. They were not discouraged by the fact that the world was against them.

AMERICAN MARINES CHARGED WITH KILLING THREE THOUSAND HAITIANS

DANTES BELLEGARDE, former Minister of Public Instruction in Haiti, and Haitian representative in Paris, after a Federation of League of Nations, submitted a strong protest against the American occupation in Haiti, alleging that there had been no moral and educational progress during the nine years of the American occupation; that labor for military construction purposes was conscripted, under pretext of a road tax, and that some 3,000 Haitians who resisted the enforced labor demands have been killed. He said the people of the entire island had, by public subscription, raised the funds necessary for him to go to Lyons and present their case to the League of Nations.

The League refused to adopt Mr. Bellegarde's resolution, but expressed satisfaction with Secretary Hughes' recent declaration of the United States' intention to withdraw from Haiti "as soon as such a move should be consistent with obligations already incurred." That means, of course, indefinite occupation, such as the United States holds out to the Filipinos.

EDITORIAL OPINION OF THE NEGRO PRESS

When your heart stops beating on account of the profit by violation of the law, when your mental agitation is so great that you are unable to think, when your eyes are so red and sore that you are unable to see, when your nose is so clogged and causes you to sneeze, it is about time to drive yourself into a service station and get looked over. Your valves may need lubrication. Unfortunately for most of us, the most attention to our mechanical made machine while in our own physical condition in the most important part of our lives. As long as we can keep apart either in business or politics, we can all the more easily be exploited.

Bishop Coppin was great in the women he loved. They are the women who whom men tie to who often make or break them. Bishop Coppin married three times and had three children. He was a great man in his professional life as well as in his home life. He was a great man in his professional life as well as in his home life. He was a great man in his professional life as well as in his home life.

WHAT WE BELIEVE

THE Universal Negro Improvement Association advocates the uniting and blending of all Negroes into one strong healthy race. It is against miscegenation and race suicide. It believes that the Negro race is as good as any other, and therefore should be as proud of itself as others are. It believes in the purity of the Negro race and the purity of the white race. It is against rich blacks marrying poor whites.

It is against rich or poor whites taking advantage of Negro women. It believes in the spiritual Fatherhood of God and the Brotherhood of Man. It believes in the social and political physical separation of all people to the extent that they promote their own ideals and civilization, with the privilege of trading and doing business with each other. It believes in the promotion of a strong and powerful Negro nation. It believes in the rights of all men.

LABOR TROUBLES IN JAMAICA

And the Lesson Taught
To the Editor of The Negro World:

Your paper being the only universal voice of the Negro I give your indulgence to give vent to my feelings after reading the "Jamaica Gleaner" of June 11, 1924. On the first page, second column of that issue, a part of the report of the recent labor trouble in Kingston read thus:

"The police had arranged their cards all right. Had they paraded the alleged hoodlum gang in the early forenoon, they would have attracted the usual crowd of the curious and unwashed. This time, however, they were celebrating a feature... the cause celebrate came on."

Another part read thus: "The strong detachment of the West India Regiment kept vigil over the city for the night while the hoodlums retired to their haunts and kept away from the streets."

Who are these hoodlums and uneducated Negroes, you bet! In the same article, the "Gleaner" humorously described the riot scene as follows: "Mr. W. (meaning the Inspector of Police) faced the group, and as he read them up, they were all arrested. He said: 'Here we are! Here we are!'"

"Boleahv Activities" Is Cry - Just Demand Meets

MANILA, July 5 (By The Associated Press).—Twenty-three alleged leaders of a secret clique, formed among the bulkier troops to advance demands for allowance and pay equal to those given white soldiers were arrested at Fort McKinley today. Eight were sentenced previously.

They are understood to have planned a demonstration for August 2, when they intend, military authorities say, to present a petition for increased pay and other benefits to Governor General Wood and the commanding officer of the Philippines Department of the Army.

Spanish Morocco, the so-called Gibraltar of the West, is now a new caliph. Primo de Rivera, Spain's military dictator, is quoted by *El Heraldo* as having selected Raisuli, Sultan of the Atlas Mountains, as the future head of Spain's African possessions.

Muhammad Ben Mohamed Raisuli possesses all the qualifications which make a good dynasty builder. Upon his command, his court-astrologer discovered that he was a descendant of Mohammed the Prophet. He has been the most successful cattle thief and bandit of the Atlas Mountains and a specialist in kidnaping. His most famous exploit was the kidnaping of Ion Perdicaris, a wealthy American, which won him a pile of gold—paid by the Sultan of Morocco—the governor of the Tangier district, and a place in Algerian parliament.

"AFRICA TRIUMPHANT," THE WINNING SLOGAN

This is an Age of Readjustments and We Must Shape Our Acts Accordingly

To the Editor of The Negro World: This being an age of readjustments, of shifting from old planes to new, of looking facts squarely in the face and not evading them, Negroes, and in particular those of us who claim to be the intelligentsia, must understand the historic deeds of many chieftains, and in particular those of our own people, and what this is for? It is to be one of independence, autonomy, and self-determination, and finally, as a result of the former two, nationally. There are many who are asking can this be accomplished? It is not. It is not. It is not.

CONVENTION AND GENERAL FUND OF UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION FOR 1924—BIG GATHERING OF NEGROES FROM ALL PARTS OF WORLD

The Universal Negro Improvement Association is now appealing to the members of the organization and members of the race everywhere to do their best to make the convention of 1924 the greatest of all our world convocations. This year the organization is to discuss at its convention all those vital problems that affect the race and to lay down a solid base for the industrial elevation and development of our people. This year's convention will be far ahead in importance of all the other Negro meetings to be held in the future. A great deal of expenditure on the part of the parent body of the Universal Negro Improvement Association, hence this appeal to make to each and every one to contribute to our general fund and to contribute to our general fund as much as he can afford to give. This fund is to be used to assist the Association in carrying out its work. All members should collect and send in to the fund. Address all your donations to the Secretary General of the Universal Negro Improvement Association, 56 West 138th Street, New York, U. S. A. All donations are acknowledged weekly.

ROSE WEEK AT LIBERTY HALL 120 W. 138th Street

From MONDAY NIGHT, JULY 14th to SUNDAY NIGHT, JULY 20th

AN APPEAL TO THE NEGROES OF HARLEM AND OUR FRIENDS

The Universal Negro Improvement Association in its effort to promote the interest of the Negro Race has started a program for the Colonization of Africa with Negroes from America, there to help build up a nation for the black race.

The Association has already sent away a group of Engineers and Mechanics to start the colonization work. Materials have also been shipped away. But more is desired.

The Association is to ship away in another few days another large consignment of materials and machinery costing thousands of dollars, including saw mills, water filtration plants, sewerage plants, tractors, electric plants, pick axes, shovels, carpenters, bricklayers, and masons' tools, and materials of all kinds.

More money is needed to pay for these materials, so the Association appeals to all Negroes and friends to attend Rose Week at Liberty Hall and help the Organization.

Come and hear all about the program and help us.

Help us to build a race and a nation.

Big musical and speaking program every night.

Prominent Artists will help all through week.

PLEASE COME OUT EVERY NIGHT AT 8.30 P. M.

Special—Sunday Night Will be the Biggest Rally Ever Held in Liberty Hall.

Admission, Sunday Night, Only 50 Cents. All Other Nights, Free Admission.

COLON, PANAMA

Division Reorganized by Commissioner Bryant in Putting the Program Over

That Colon is destined to become the center of attraction, where the Universal Negro Improvement Association is concerned, was more evidenced on the night of Saturday, June 21, last, when, despite the many rubrics and temptations made by the so-called leaders of this very organization to destroy and render it obsolete by their graft, dishonesty and ignorance, thousands gathered at the joy and enthusiasm in meeting to celebrate and effect the first official opening of the hall, which was so gallantly fought for and won by the leaders of the reorganized division, in the persons of the High Commissioner, Mr. C. H. Bryant, in his opening address, gave a complete description of the work of the reorganized division, and also the many obstacles confronting them in bringing to the fore the ownership and possession of Liberty Hall to a successful end.

At the conclusion of the above program, Dr. Juan M. Salazar, accompanied by Dr. Romero, another lawyer, entered. On their arrival, the meeting was broken into a state of confusion caused by the enthusiasm of the members in having in their midst, the presence of the High Commissioner, Mr. C. H. Bryant, in his opening address, gave a complete description of the work of the reorganized division, and also the many obstacles confronting them in bringing to the fore the ownership and possession of Liberty Hall to a successful end.

C. FRANCISCO, CAM., CUBA

Division Celebrated its Second Anniversary on June 29, 1924

This division celebrated its second anniversary on June 29, 1924. The religious part of the service was conducted by the chaplain, who gave an edifying exhortation based on "Love and Brotherhood." The choir, under the able leadership of Mrs. Maud McNab, rendered some delightful selections. Subjoined a part of the program:

"Open Them My Lips," "Do Not Wait," "Praise Him," "Out in the Verdant Meadows," etc.

BATON ROUGE, LA.

Death of a Faithful Member

The usual weekly meeting of the St. Thomas Division No. 84 was called to order by Brother Benjamin Walsh at 8:15 p. m. After the opening exercises, Brother Walsh in his introductory remarks expressed regret at the mesger attendance, which he attributed to the inclemency of the weather. A message from the President-General was then read by Sister Elia Francis, after which Brother Carl W. Ferdinand in his usual frank and cordial manner welcomed Brother Benjamin A. Osborne, who was en route to the mainland.

The next speaker was Brother Samuel Jacobs, who as is his wont, quoted a few scriptures to illustrate a point or so. Thereafter Brother Walsh introduced Professor Benjamin A. Osborne, D. M., who in his opening remarks thanked the officers for their interest in the children and the organization, which is forging ahead.

Professor Osborne outlined the aims and objects of the U. N. I. A., as also those of its intended and determined leader, the Hon. Marcus Garvey.

He exhorted members to unite their forces and concentrate on the grand object in view.

At 11:15 o'clock the meeting came to a close with the singing of the Ethiopian National Anthem.

Through trying times by reason of the antagonism of enemies of our race, it is nevertheless none the less going ahead and doing its utmost to arouse the enthusiasm of our people.

On Sunday, June 23, will ever remain a memorable day in the history of the division, which began at 7:30 p. m. with the singing of the Ethiopian National Anthem.

MIAMI, FLA.

Notwithstanding the infrequency with which anything relating to our local division appears in the columns of The Negro World, we down here in Miami have lost none of our wonted interest in the concerns of our association and are actually engaged in doing our utmost to further its interests.

We are looking forward anxiously to the coming general convention to be held in New York next month, and hope that the latter will be fruitful of much and lasting good to the cause of our race.

It is indeed most gratifying to be in position to report that the recent episode in connection with which some of our members have been unjustly affected upon the affairs of our local; rather, the results seem to have rendered us in a state of complete indifference to our membership has been considerably augmented. Our meetings, both business and recreational, are usually well attended, and although a great proportion of those attending the latter are members, they evince unmistakable signs of deep sympathy with the aims and objects of our association.

Our band and choir, respectively, are the foremost of our race throughout our motherland Africa.

THE COLONIZATION PROGRAM FOR LIBERIA

UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION RAISING FUND OF TWO MILLION DOLLARS FOR BUILDING FIRST COLONY IN LIBERIA

EVERYBODY ASKED TO HELP WITH A DONATION

NEGROES TO HAVE HOMELAND OF THEIR OWN

FOUR SEPARATE COLONIES TO BE BUILT

The Universal Negro Improvement Association is now starting to carry out its colonization plans for helping in the cultural, industrial, agricultural, economic, educational and social development of the black republic of Liberia, west coast of Africa, as a permanent home for the scattered Negroes of the world who desire to live in a country of their own where they may enjoy the benefits of real freedom, liberty and democracy.

The good people of Liberia anxiously welcome to their country their hearts and their ideals the sober-minded, industrious, law-abiding, ambitious Negroes of America, West Indies, South and Central America and Canada who desire to settle among them and become a part of a peaceful growing black nation. The Universal Negro Improvement Association is now helping in this direction as the Jews are helping to build and restore Palestine.

The Association has undertaken to develop four colonies in Liberia, the first to be built on the Cavalla River, to which the first group of colonists is expected to sail in September of 1924 from New York and regularly thereafter.

The Association is to spend two million (\$2,000,000) dollars on the development of each colony for public works and other utilities. They are now raising the first two million (\$2,000,000) dollars for the building of the Cavalla colony.

The following plans are to be carried out for the building of each and every one of the four colonies, all government buildings, however, to be under the direction of the Liberian Government and all persons shall observe the laws of the Republic of Liberia accordingly:

BUILDING PLANS

Government

1. Court House and Post Office.
2. Town Hall.
 - a. Public Safety
 1. Police Station
 2. Fire Protection
 3. Hospital
 - b. Community Interest and Entertainment

 2. Churches (2)
 3. Large Public Hall
 4. Public Park.

Public Education

1. Public Library
2. Public Schools (2)
3. Public High School (1)
4. College of Arts and Sciences
5. Trade School and Engineering Works.

Public Utilities

1. Electric Light and Power Plant
2. Water Filtration Plant
3. Sewage System and Sewage Disposal Plant
 - a. Transportation Facilities
 1. Roads, Streets and Pavements
 2. Wharf and Dock and Water Front Improvement
 3. Railroad, 4-15 miles.
 - b. Commissaries (2)
 - c. Dormitories (2)

All those who desire to help the Negro under the auspices of the Universal Negro Improvement Association in developing himself are asked to subscribe to the fund of two million (\$2,000,000) dollars now being raised for the promotion of the Cavalla Colony.

The first group of engineers will sail in a few days to start construction work for the accommodation of the first group of colonists who will leave in September.

Please help this fund with a substantial donation. Address your donation to the "Colonization Fund, Universal Negro Improvement Association, 56 West 135th street, New York, U. S. A." All substantial donations will be acknowledged by letter and by publication in The Negro World. Small donations will be acknowledged in The Negro World weekly.

THE JEWS' POSITION IN WORLD AFFAIRS

Some Things the Jew Has Contributed to Western Civilization — And What Has He Learned?

What the Orthodox Jew has to offer western civilization and what it has to gain from that civilization have been very clearly outlined by Isaac Rosen-garten, editor of the Jewish Forum. "What a different world we should have if the Jewish conception of peace prevailed?" he queries. "If the truly cultural were substituted for the political basis of civilization? If a United States of the World for the benefit of all mankind took the place of the petty claim-ants for land ownership—the political combinations of nations?"

"To the Jew, if we are to agree with Prof. Werner Sombart, belongs the credit for having rescued the world from its state of feudalism; for, modern commerce and industry would have been impossible except for the abstract genius of the Jew. But the Jewish spirit of pursuit after peace must prevail if these handmaids of civilization are not to be turned into instruments of compulsion.

Jews Originated the Idea "The spirit of freedom has been a peculiar contribution of the orthodox Jew to western civilization, and most of all to America. "Proclaim liberty throughout the land unto all the inhabitants thereof," inscribed on the Liberty Bell in Philadelphia is a passage from the Book of Leviticus: "Ukratham deror lechal haarets veyoshevah." But freedom must be founded on righteousness and must be accompanied by enlighten-ment and truth. For when truth is not sacred liberty is not safe. And in this age of slight attention," as Secretary Hughes puts it, when almost all infor-mation is gathered from newspaper headlines, there does not seem much prospect for this wedding between lib-erty and enlightenment.

"The term 'liberty' is, in our days,

frequently used merely as a pretext. The right to exploit is carried on in the name of liberty, because the enthusi-asm for darkness as well as for oppres-sion is strong. . . . But enlighten-ment and liberty are one, though pos-sessing two physiognomies.

Tells the Other Side "What, on the other hand, can the orthodox Jew learn from western civil-

ization? Throughout the centuries of exile from his homeland, harried and driven from pillar to post, compelled to eke out a precarious livelihood, re-stricted in his religious observance by the Romans, oppressed by the inquisi-tion in Spain, persecuted by pogroms in Russia and Rumania, the orthodox Jew has in large measure lost his equi-pole, his "savoir vivre," he has un-learned to represent himself rather than his environment. The western world fully adjusted to its environment, its outward expression harmonizing with its inner conviction, sets an example worthy of emulation in the removal of the rough edges of husbandry, in the equanimity of a life at harmony with the world, in the serene love for beauty and in the beauty of serenity.

"This lesson it may take the Jew many years to learn even after he is again settled on his native soil. When the Jew will be ready to be received into the family of nations, Western civilization will have interchanged with him the love for freedom and learning, the pursuits of peace and industry, for the composure of blessed happiness."

LONDON, July 3.—Mrs. Emily Jane Lucas of Londonbridge, is just bring-ing up her twenty-second child on an income of \$10 a week. Three of her sons died in the war, and she has six-teen children under nine years old. The family pays \$150 a week rent for a small house.
