### Race Must Watch For Hour of Opportunity — Must Not Be Deceived by Talk of False Security — Must Study All Passing Events

Negro Must Be Arbiter of His Own Destiny — U. N. I. A. Leads The Way to All-Round Betterment and Uplift

Organization Is the Keynote of Our Progress—Let All Negroes Pull Together—Says President-General

FELLOWMEN OF THE NEGRO RACE, Greeting:

From the reports we have been receiving we are informed that another treaty or pact has been signed by the Five big Powers of the world. This time it is a naval agreement, the purpose of which is to guarantee the future peace of the world. How well this new pact is going to fit into the new scheme of things we do not know, other than to suggest that it is only another bit of paper filed away in the archives of the nations.

Peace and Goodwill

Peace is contingent upon goodwill. Goodwill is the result of fellowship and friendship—Fellowship and friendship that cannot be found anywhere. Those of us who understand the world today, as we did yesterday, know that man is at grips with his neighbour in the struggle for bread, position and power.

When we say neighbour we mean the fellow who is not of our household and our group, who is not of our class, our race, or nation. This question of bread and meat and the securing of it will undo all the pacts that have been signed since creation. So we cannot readily see the utility of this new pact signed recently in London.

No Brotherhood

As we look at the world today we see no brotherhood between the Anglo-Saxon and the Indians, between the Asiatics and the Americans, between the Africans and Europeans; Brown, Black, White and Yellow, each has his own outlook on life, and at the present time they clash. The white man thinks that he can dominate the brown and the black and some of the yellow, and the black, the brown and the yellow think that they should be free, and so this great difference of views and opinions will ultimately lead to the one thing that the Naval Pact seeks to prevent—War.

Studiously Careful

We have always had war, and we shall always have war so long as human beings need protection. In this world's confusion, therefore, the Negro has to be studiously careful. And so we advise that he, like other race groups, make up his mind to be ready for the changes that may happen in his lifetime. If it is peace to get the best advantage out of it; if it is war to seek his opportunity. He must not assume any idealism that he himself doesn't originate or create.

Security

Those who think to security are those who have something to secure. A man who has property needs protection for that property; a man who has none needs a different protection to that. And so, the Five Powers represent races that have much to protect by way of national accumulation and political power and sovereignty. The Negro has still his sovereignty to secure, so like the Indians and the yellow Asiatics he is not ready for peace. His policy therefore must be different; his outlook must be different.

Changes in Peace or War

The Universal Negro Improvement Association therefore calls upon the four hundred million Negroes of the world to understand and properly organize themselves for the approaching world changes in peace or war. We must continue our agitation to protect and support ourselves, so that in the turn of things we may come into our own.

Dark Hour

The hour seems dark in our human life, but not too dark for us not to anticipate the silver lining. When we suggest that man is the creator of his own environment and the arbiter of his own destiny we are suggesting something that we are not waiting merely prophetically on what is to come, but that we are working for it by our spiritual and physical initiative.

A Self-Programme

The Universal Negro Improvement Association sets a programme through which this can be done. The Convention last year undertook in its suggestions to lay a plan by which we should work. All that is now necessary is for every unit to support it. We must support it in America, we must support it in the West Indies, in Africa, and all over the world. It must be a united push and pull. We must not sectionalize or divide our organization; we should stand as one whole to see that our dreams come true through the plans that we have laid out. The urge is to raise six hundred million dollars to capitalize the big program

### Phila. Division No. 121 Stages Enthusiastic Meetings

Negro History Topic of Discussion—Funds Raised For Parent Body—Eight New Members Enrolled

By DOROTHY C. JONES

LIBERTY HALL, 219 W. Columbus Avenue, Philadelphia, Pa., May 4, 1930:

This has been another great day for Garveyism in the city of Brotherly Love.

Division No. 121 staged two interesting meetings which were well patronized by members and friends.

At 3 p. m., Negro History was the topic for discussion. Rev. F. S. Cherry spoke on "The Negro in Biblical History." Major Thomas W. Harvey, first vice president, discussed "The Importance of History," while the Hon. S. A. Haynes, president, chose as his theme "The Historical Significance of Garveyism."

The audience sat enraptured as the various speakers portrayed the ancient glories and grandeur of the Negro race.

Eight new members answered the appeal of the president amid much rejoicing.

Music was discoursed by the choir, Miss Margaret Galloway accompanying on the piano. The weekly Message was read by the secretary, Miss Dorothy Jones. Mrs. Agnes Cogle, lady president, made the welcome address.

At 8 p. m. another enjoyable program was rendered. Addresses were delivered by the chaplain, Rev. J. E. Mack, Mrs. Sarah Banton, first lady vice president, and Mr. Refuge Dixon, second vice president.

Music was furnished by the Wandering Four Quartet. The membership and friends rallied all day to an urgent appeal for funds by cable from the Hon. Marcus Garvey. The full amount requested was raised.

Among the visitors for the day were the Hon. Laura Dupont Johnson, U. N. I. A. worker of Baltimore, Md., and the Hon. N. C. McCarty, of the Garvey Club, Philadelphia.

### Dr. Maxwell N. Hayson Thrills Excelsior Division

EXCELSIOR LIBERTY HALL, 687 Lenox Avenue, (N. W. cor. Lenox Ave. and 144th St.) New York City, N. Y.

Before an appreciative and representative audience, Dr. Maxwell N. Hayson, noted writer and globe-trotter, delivered a lecture, entitled, "The Black Man's Destiny in the Light of Sacred Prophecy and Social Evolution," and won the warm approbation of his hearers; giving enlightenment and encouragement to those who are consecrated to the cause of racial uplift and African redemption.

Everyone who attended the meeting here tonight was greatly enthused with the splendid dissertation by Dr. Hayson, as he outlined to them the past glories of the race, brought visions of the race's contribution to science, art, and in various other lines of human activity, drew a graphic picture of the famous living celebrities of today, then projected thought on the prophecy concerning

the future of the black race, fitting the picture with a rhythmic precision, which won the applause of the crowd, and brought conviction home to them. Dr. Hayson's effort was a stimulant to ambition and desire, gave an impetus to those who were daily striving to help in the upliftment of the race and the final establishment of a government, which, no able to protect the rights of the Negro anywhere, and to create a dress for the wrongs which in the future be done to the people of the Negro race.

The meeting was opened in the regular way with the band under Prof. James Salts playing "Onward Christian Soldiers," while the procession of officers, the Juveniles, Black Cross Nurses and the U. A. Legion under Col. Luther Thompson, carried out a brilliant demonstration.

The chaplain, Rev. K. Baxter, announced the opening ode "From

### Mrs. Alexander Presides at Moot Court

WASHINGTON, D. C.—Mrs. Sadie T. M. Alexander of Philadelphia, wife of Attorney Raymond Alexander, and herself an able practicing attorney, presided at the Moot Court of the Howard University School of Law, held Saturday at the law building.

Mrs. Alexander received her early education in the Washington public schools, graduating from M. Street High School in 1915. She continued her education at the University of Pennsylvania, where she made an excellent record, finally receiving her Ph.D. in economics in 1921. In 1927 she received her L.L.B. from the University of Pennsylvania Law School, and the same year she was admitted to the Pennsylvania bar. She is associated with her husband in practice.

### I. L. D. To Hold Mass Protest Conference

A mass protest conference to unite and co-ordinate all working forces in the militant struggle against lynching, race discrimination and all persecutions of workers will be held by the New York District of the International Labor Defense on Sunday, May 18, at 10 a. m., at Irving Plaza, Irving Place and 15th Street, New York.

Confronted with a deep growing economic crisis which is wreaking havoc upon the already miserable conditions of the toiling masses, and alarmed at the growing unity of the Negro and white workers to fight for better working and living conditions the bosses are multiplying their attacks and persecutions upon the toiling masses of workers—Negro and white.

The increase of brutal lynchings of Negro workers in the South in the past few weeks and the mass arrests of workers throughout the entire country, is evidence of the merciless terror which the exploiters of labor are conducting against the workers. Against this brutality the workers—Negro and white—must rally to struggle unitedly.

### To Dedicate Three New Buildings

DURHAM, N. C.—On Thursday, June 5, the three new buildings recently erected at the North Carolina College for Negroes will be formally dedicated to the cause of Negro education, according to announcement by Dr. J. E. Shepard.
